Task 01:

DosBox Installed

The screenshot shows the DOSBox Status Window and the DOSBox 0.74 interface. The Status Window displays the version (0.74), copyright (2002-2010), and the config file path. The main window shows a welcome message and instructions for new users, including how to adjust CPU speed and activate the keymapper. The command prompt shows the user has set the BLASTER device and is ready to execute commands.
